## **WolfVision USA announces distribution partnership with Almo Professional A/V**

ATLANTA, GA – September 16, 2019. WolfVision Inc. announces a new distribution partnership in USA with Almo Professional A/V. As part of this distribution agreement, Almo is now the sole USA distributor for WolfVision vSolution Cynap Pure, the multi-award-winning high-performance wireless bring your own device (BYOD) presentation system.

President and CEO of WolfVision USA Arthur Jenni said, “We are pleased to share the announcement about our partnership with Almo Professional A/V. Almo offers so many great resources for our customers and are the ideal partner to help us manage the accelerated sales growth we’re experiencing with the Cynap Pure.”

Jenni continued, “Although WolfVision has worked with distributors in other markets for years, this is the first time we’ve partnered with a distributor in the USA. For us to successfully make this transition, we needed a distributor with a unique mix of expertise in sales, logistics and wireless video presentation technology. This made Almo Pro A/V the best choice for us – together, we have a lot of energy to drive business forward and serve the reseller and integrator community.”

WolfVision will also be showcasing Cynap Pure at the Almo Fall 2019 E4 Experiences, in the New York Metro Area on September 25th, and in Atlanta on October 15<sup>th</sup>.

## **About Cynap Pure**

Cynap Pure features comprehensive 'bring your own device' (BYOD) screen mirroring capability as its primary focus, providing wireless screen sharing for all iOS, Android, Windows, macOS, and Chrome OS devices onto a central shared display screen. Connection is quick and easy, and support for AirPlay, Chromecast, and Miracast mirroring protocols means that no software, apps or buttons are needed when sharing content on-screen from smartphones, tablets or laptops of all types.

## **Driving the Creation of Knowledge**
